Re: Public Records Request, dated June 27, 2019

Dear Miles Anderson:

The Office of the Attorney General (OAG) received your public records request dated June 27, 2019. This request seeks the release of certain records maintained by this office, specifically:

1. Copies of "Any records of arrests made in the state of Nevada during the years 2017, 2018, and 2019; of crimes being charged as human trafficking, including but not limited to, crimes of (1) involuntary servitude and (2) commercial sex trafficking. Additionally, please provide a breakdown of any demographics your agency possesses, including the age, gender, race, and any other pertinent data. Additionally, please provide any available data on the time and locations of each arrest made."

The OAG requires additional information to process your request because the OAG does not store documents as the request has categorized. Locating potentially responsive records would require the OAG to search and review all records in the custody of the OAG to determine which potentially relate to the broad description of records in your request. As such, we ask for your assistance to narrow the records request to permit the OAG to identify potentially responsive records. If you can provide more specific information

associated with the records you seek, then the OAG will be able to conduct a targeted search for responsive records.

Please reach out to us at the contact information included in this communication at your earliest convenience. The OAG appreciates your patience with this review.

Sincerely,

State of Nevada
Office of the Attorney General
